NOTE: Aerification of the tee boxes, fairways and greens are scheduled for the Torrey Pines South Golf Course on April 6-7, 2021. The course will be closed on those dates. The main impact of the aerification will be bumpy and sandy putting surfaces. It will have the same layout as the US Open with amazing views overlooking the beach and the Pacific Ocean. The South Course is where Tiger Woods won his last US Open in 2008.
